Okahu Inuawai - Ngati Haua -
Ngaruahine - Te Atiawa

Currently employed as an Operations
Manager working in the construction
industry

Current trustee for Aotearoa marae,
Chairperson, and Trustee for Taikatu
marae, Chairperson for Ngati Haua Hapu and Secretary
for Nga Hapu o Ngaruahine (Takutai working group).

I believe in having strong robust systems in place that
set up our marae and hapu for success which comes
from having a strong foundation, currently in Ngaruahine
some of our marae are unusable, not fit for purpose or
struggling financially.

No point of having \$70M in investments if you cannot
give manuhuri a cup of tea?

It is possible for Ngaruahine to maintain and build
its investment portfolio which should not be the
only measure that Ngaruahine has for success while
also equally investing in its people with the same
commitment in the pursuit of achieving its strategic
goals.

I believe that operational expenditure needs to be
capped at 1% of the asset base; and

- A higher percentage of this expenditure than what is currently being provided needs to go to Rangatahi
- An indentured pathway for Rangatahi should be implemented to build the capacity of Ngaruahine
- Local investment needs to be heavily pursued to create future employment for Ngaruahine
- Trustees need to take more responsibility for the financial management of the asset base and not rely on another entity to manage it
- Any financial investment that has not performed adequately i.e made any money, needs to be re-evaluated with the view to being scrapped
- Fishery quota shares need to be made available to uri so that Ngaruahine can source our own Pataka
- The Trust deed needs to be updated to comply with new legislation

Say "No" to the Special Resolution, the proposal is not necessary

Ngawai **HERNANDEZ-WALDEN**

I tipu ake au i roto i te korowai aroha o tōku whanau me ōku pāhake i roto i a Matariki.

I hui haere ahau ki ngā marae kātoa o Ngāruahinerangi i te taha o ōku mātua a Maurice (Buster/Pa'i) me Punahau (Ripeka) Walden.

It is with pride that I seek election as a hapū representative of Ōkahu-Inuawai. Having been raised and bathed in the waters of the Waingonogro and Inuawai, my connections and continued manaaki to the haukāinga was never faulted.

Since returning to Aotearoa in 2015 I continue to return home regular to provide support wherever and whenever I can. I am fortunate that my husband Ricardo's love for Ōkahu-Inuawai is just as strong as mine.

Due to the unprecedented circumstances of COVID-19 the priorities of my whanau have changed where living and residing back within Ngāruahinerangi is our top priority.

I have 25+ years' experience in the Tourism/Hospitality Industry both domestically and internationally. I have had significant experience with small, boutique and independent businesses throughout my career, which

has exposed me to opportunities to develop in overall business management.

Currently I am committed to bringing life to the strategic objective of 'Enabling whānau to grow their capability and access opportunities to create and develop sustainable enterprises.' Within the Māori Business Growth team of Te Puni Kōkiri, Auckland.

I continue to expand my knowledge and skills and I am currently working towards my MBA from the University of Auckland Business School specializing in Māori Development.

I seek the chance to represent my hapū of Ōkahu-Inuawai as an opportunity to utilise my skills and experience and pivot my knowledge to empower and support my hapū and whanau.

He ringa raupa ahau mō tōku hapū, mō tōku whanau!
